

EVOQUA ION X CHANGER® CARTRIDGES

INSTALL A HIGH QUALITY WATER
SYSTEM IN MINUTES AND SAVE 50%
OVER DISTILLED WATER COSTS

Choose the right ION X CHANGER® Cartridge:

- **Adsorber Cartridges** are recommended for the pretreatment of water before deionization when the raw water contains appreciable amounts of organics, free chlorine and chloramines, phosphate complexes and turbidity.
- **Metex™ Cartridges** enable the removal of all metallic ions to a level of 1% of the influent concentration. Metex cartridges are perfect for removal of ammonia and other cations from condensate samples.
- **Universal Cartridges** reduce the ion concentrations of water to a level obtainable by single distillation. Universal cartridges remove essentially all ionizable constituents with the exception of silica and free carbon dioxide and produces water ideal for humidifiers and steaming devices.
- **Research Cartridges** reduce the ion concentration of water to a level obtainable by triple distillation. Research cartridges remove essentially all ionizable constituents including silica and free carbon dioxide. When operated in the Duplex Mounting Bracket Assembly, as recommended, water with a resistivity as high as 15,000,000 ohms-cm can be produced.

Cartridges can be used as a Single or Duplex System with corresponding mounting brackets.

Popular cartridge combinations include:

- **Adsorber/ Universal** for substandard water supplies
- **Universal/ Research** System where mineral salts are a concentration of 10 grains per gallon of expressed CaCO₃ or more.

CARTRIDGE SPECIFICATIONS

ADSORBER	Flow: 7.2 gph
METEX™	Max Capacity: 3200 (grains as CaCO ₃), 7.2 gph
UNIVERSAL	Max Capacity: 1600 (grains as CaCO ₃), 7.2 gph
RESEARCH	Max. Capacity: 1000 (grains as CaCO ₃), 7.2 gph

ORDERING INFORMATION

ADSORBER II (1 PK)	W3T184483
ADSORBER II (6 PK)	W3T184175
METEX II (1 PK)	W3T183794
METEX II (6 PK)	W3T184546
UNIVERSAL II (1 PK)	W3T184478
UNIVERSAL II (6 PK)	W3T184929
RESEARCH II (1 PK)	W3T185125
RESEARCH II (6 PK)	W3T184548
Single ION X CHANGER® Bracket*	W3T184222
Duplex ION X CHANGER® Bracket*	W3T184340

*Contains everything needed to setup one ION X CHANGER cartridge system, except faucet. Requires tubing inlet connection.

Single Bracket
